

MUHAMMED SHAMMAS NOORUDHEEN

Backend Developer (Python / Django)

+91-8943833396 muhdshammas612@gmail.com LinkedIn github

Profile

Motivated Python Django Developer with experience as an Academic Advisor, combining hands-on web application development with mentoring interns throughout their learning journey. Strong in backend development and problem-solving, with a growing focus on web application security and cybersecurity best practices. Actively seeking opportunities to contribute to real-world projects while continuously enhancing technical expertise as a developer.

Technical Skills

Python	Tailwind CSS	REST
Django	PostgreSQL	JWT
DRF	MySQL	OAuth
JavaScript (ES6+)	Linux, Git	serialization

Experience

Academic Advisor | Bridgeon Skillversity 08/2025 – Present
Python, Django, DRF, PostgreSQL

- Conducted academic reviews and monitored student progress to maintain performance standards.
- Provided academic and career guidance, including resume preparation and interview readiness.
- Identified learning gaps through performance analysis and implemented corrective actions.
- Coordinated with trainers and operations teams to improve academic processes and outcomes.

Project

Soledrop

- Full-stack e-commerce web application built using Django.
- Implements end-to-end shopping flow from product browsing to order placement.
- Features include user authentication, product categories, cart management, and order history.
- Supports checkout with Cash-on-Delivery (COD) and responsive UI using Bootstrap templates.
